PROFILE

Motivated and detail-oriented Computer Science student seeking an internship/OJT opportunity to apply my skills in Web Development, Front-end and Back-end Technologies while gaining real-world industry experience.

SKILLS

Front-end: HTML, CSS, JavaScript(JS), Angular, React, ejs, tailwind

Back-end: Node.js, Express.js, Python, java

Databases: MySQL, mongoDB.

Tools & Platforms: Git, GitHub, VS Code

Operating Systems: Windows, Linux (Basic)

INTERNSHIP / EXPERIENCE

Cyber Security Intern (Job Simulation)

Feb 2026

Deloitte (Forage Virtual Experience)

- Completed a Deloitte Cyber Security Job Simulation focused on real-world business scenarios.
- Analyzed security threads and identified potential vulnerabilities in enterprise systems.
- Worked on tasks related to risk assessment, data protection, and cyber threat analysis.
- Applied concepts of security auditing, access control, and incident response.
- Gained hands-on exposure to industry tools, frameworks, and best practices used in cybersecurity.
- Prepared reports and recommendations to improve organizational security posture.

PROJECTS

Blog Platform (Full-Stack Web Application)

- Developed a full-stack blog platform enabling users to create, edit, and delete posts with secure authentication.
- Implemented RESTful APIs for handling CRUD operations and dynamic content rendering.
- Designed a responsive user interface for seamless reading and publishing experience.
- **Technologies Used:** HTML, CSS, JavaScript, Node.js, Express.js, MongoDB.

Examify (Online Examination System)

- Built an online examination system allowing users to attempt quizzes and view instant results.
- Implemented timer-based exams, automatic score calculation, and question management features.
- Developed logic for real-time evaluation and result display.
- **Technologies Used:** HTML, CSS, JavaScript, Node.js (if used), MongoDB (if used)

E-Commerce Website (Responsive Web Application)

- Designed and developed a responsive e-commerce platform with product listing and cart functionality.
- Implemented add-to-cart, remove-from-cart, and checkout workflow features.
- Enhanced user experience with structured UI and smooth navigation.
- **Technologies Used:** HTML, CSS, JavaScript (add backend if used like Node.js, MongoDB)

To-Do List (Task Management Application)

Created a task management application to add, delete, and track daily tasks efficiently.

- Implemented task status updates and dynamic UI rendering using JavaScript.
- Focused on improving productivity through a simple and user-friendly interface.
- **Technologies Used:** HTML, CSS, JavaScript

Tic-Tac-Toe Game (Interactive Web Game)

- Developed a two-player Tic-Tac-Toe game with logic to detect winning conditions and draws.
- Implemented game state management and interactive UI updates.
- Enhanced user engagement through responsive design and smooth gameplay.
- Technologies Used: HTML, CSS, JavaScript.

Stone-Paper-Scissors Game (Web-Based Game)

- Built an interactive game where users play against the computer with random choice generation.
- Implemented game logic to determine outcomes and display real-time results.
- Designed a simple and engaging UI for better user experience.
- Technologies Used: HTML, CSS, JavaScript.

Calculator (Web Application)

- Developed a basic calculator to perform arithmetic operations such as addition, subtraction, multiplication, and division.
- Implemented input handling and real-time calculation logic using JavaScript.
- Designed a clean and user-friendly interface.
- Technologies Used: HTML, CSS, JavaScript

My Portfolio Website

- Developed a personal portfolio website to showcase projects, skills, and achievements.
- Designed a responsive and user-friendly interface using HTML and CSS.
- Added interactive elements and smooth navigation using JavaScript.
- Focused on clean design and better user experience across different devices.
- Technologies Used: HTML, CSS, JavaScript

EDUCATION

Bachelor of Science in Computer Science

Savitribai Phule Pune University
SGPA: 7.84

Graduated: 2025

Pratibha junior college

Maharashtra state
board 12 (PCMB)
Percentage: 56.67

Graduated: 2022

Madhyamik vidyalaya thergoan

Maharashtra state
board 10
Percentage: 87.20

Graduated: 2020

CONFIDENCE & STRENGTHS

- Strong problem-solving and analytical thinking skills
- Effective team collaboration and communication
- Quick learner with adaptability to new technologies
- High attention to detail and code quality
